

CURRICULUM VITAE

Kathleen Tripp

EDUCATION

- Ph.D.**
2004-2008 **University of Florida: Gainesville, Florida**
College of Veterinary Medicine- Aquatic Animal Health Program
Major: Veterinary Medical Sciences
Degree Earned: May 2008
- Master's Certificate**
2004-2005 **University of Florida: Gainesville, Florida**
College of Engineering
Major: Environmental Policy and Management
Certificate Earned: January 2006
- Bachelor of Science**
1999-2003 **Eckerd College: St. Petersburg, Florida**
Major: Marine Science
Minors: Environmental Policy, Chemistry
Degree Earned: May 2003 (with honors)

RESEARCH EXPERIENCE

- 2004-2008 **Graduate Research Assistant – Manatee Reproduction and Stress Research**
University of Florida: Gainesville, Florida
- Researched reproduction and stress in manatees, including gross, histological, and immunohistochemical examination of ovarian corpora lutea, and immunoassays to measure progesterone, cortisol, and ACTH.
- 2002-2003 **Undergraduate Thesis Research- Gross Morphology of the Manatee Ovary**
Marine Mammal Pathobiology Laboratory and Eckerd College: St. Petersburg, Florida
- Characterized the ovaries of the Florida manatee at different stages of reproductive maturity and pregnancy to create a guide by which other manatee biologists could evaluate these organs at necropsy.
- 2000-2002 **Research Assistant**
Eckerd College: St. Petersburg, Florida
- Researched Hawaiian environmental and cultural issues.
- 2000-2001 **Desalination Researcher**
Lancy Foundation and Eckerd College: St. Petersburg, Florida
- Researched pertinent environmental, social, and economic issues surrounding a proposed desalination facility for Tampa Bay and prepared a Cost-Benefit Analysis for the plant. Presented this work at a symposium held at Eckerd College in November 2000 and at the National Conference for Undergraduate Research in Lexington, Kentucky in March 2001.

RELATED PROFESSIONAL EXPERIENCE

- 2005–2008 **Consultant: Comprehensive Everglades Restoration Project**
South Florida Water Management District: West Palm Beach and Ft. Myers, Florida
- Served as a manatee issues consultant on the Picayune Strand Restoration Project, Collier County. Provide guidance to ensure that the freshwater, warm water, and other habitat needs of manatees in the project area will be met after restoration. Assessment of hydrodynamic and geologic model data and analysis of other historical and projected environmental data.
- 2002-2007 **Manatee Health Assessment Participation**
Florida Fish and Wildlife Conservation Commission: Tampa Bay, Florida
U.S.G.S. Sirenia Project: Crystal River, Florida
Wildlife Trust: Gales Point, Belize
- Assisted with capture, data collection, and processing of biological samples.
- 2002 **Sea Turtle Program Intern**
Clearwater Marine Aquarium: Clearwater, Florida
- Patrolled Pinellas County beaches, marked and monitored nests, assisted with hatchling releases, salvaged carcasses, transported injured turtles, cared for turtles at the aquarium, and conducted informational sessions.
- 2001-2003 **Marine Mammal Pathobiology Laboratory (MMPL) Biologist**
Florida Fish & Wildlife Conservation Commission: St. Petersburg, Florida
- Assisted with manatee and cetacean necropsies, carcass salvage, marine mammal rescues, necropsy report editing, and general lab maintenance. Served as MMPL web team representative and wrote articles for the agency's website. Worked on aging manatees (via their earbones) and conducted my own manatee ovarian and uterine research. Organized training workshops for members of the Florida Marine Mammal Stranding Network, filled dolphin-related information requests, and corresponded with NOAA and other agencies regarding local cetacean strandings.

CONFERENCES ATTENDED

- | | | |
|------|---|----------------------------|
| 2008 | Florida Marine Mammal Health Conference III | St. Augustine, Florida |
| 2007 | International Association for Aquatic Animal Medicine | Orlando, Florida |
| 2006 | International Association for Aquatic Animal Medicine | Nassau, Bahamas |
| 2005 | Florida Marine Mammal Health Conference II | Gainesville, Florida |
| 2005 | Sierra Club Environmental Summit | Winter Park, Florida |
| 2003 | 15 th Biennial Conference on the Biology of Marine Mammals | Greensboro, North Carolina |
| 2001 | 15 th National Conference on Undergraduate Research | Lexington, Kentucky |

AWARDS AND HONORS

- 2008 Reep, Bonde Prize for Advancing Knowledge of Manatee Biology
- 2006 & 2007 Florida League of Conservation Voters Betsy Wood Fellow
- 2006 Recipient of “Manatee Hero” Medal from Save the Manatee Club
- 2002-2003 Ford Foundation Scholar
- 2001-2002 Morris K. Udall Scholar for excellence in environmental policy
- 2000-2001 Lancy Foundation Scholar
- 1999-2003 Eckerd College Honors & Presidential Scholar
